## Parent Led Field Trip Opportunity

This weekend: Fri Oct 10 - Sat Oct 11 - Sun Oct 12

Hello:

I am writing to let you know about an incredible site for geologists and a once-yearly opportunity for students and families alike. It's called "Gemorama" and is held October 10 -12, this weekend. Everyone drives to the Trona site, in the desert, on the way to Banning (near Death Valley), where the Searles Lake Mining Company opens its doors once a year to the public, so that anybody can dig in the mud and take home water soluble (salt) crystals.

If you click on the "Gemorama" link, you should have all you need to know when you get to Trona, CA. where the Gemorama is held.

Go to the following website:

<http://www1.iwvisp.com/tronagemclub/>

Maps, accommodations, the pancake breakfast, the sign-ups for the field trips, the expendable clothing that you wear and the stickiness of the mud, etc., will all be explained. No advance registration for the field trips is required.

"The only motel in Trona has only 8 rooms, number is 760-372-5795 (Pinnacle Inn). Ridgecrest would be your best bet." - Bonnie Fairchild, Searles Lake Gem and Mineral Society
